THE NATIONAL DISABILITY INSURANCE SCHEME

The National Disability Insurance Scheme (NDIS) provides Australians aged under 65, who are living with a permanent and significant disability, with funding for supports and services.

The NDIS provides people living with disability with information and connection to services in their communities such as doctors, sporting clubs, support groups, libraries and schools, as well as information about the support provided by each state and territory government.

The NDIS puts you at the centre of the decision making process about how you want to live your life.

TAILORED NDIS SERVICES TO MEET YOUR NEEDS

Footprints Community (Footprints) is a registered provider of services under the NDIS. We offer services tailored to meet your needs and the supports funded in your NDIS Plan.

If you have an NDIS plan you can contact us about putting your plan into action.

The NDIS puts more control and decision-making in your hands, and Footprints can work alongside you to support you to meet your needs and goals.

The NDIS opens up more opportunities and as a registered provider, we can assist you to understand the NDIS.

“Footprints helped me get access to NDIS and I now get assistance with personal care, going out, housework and paperwork — which is great!

Since I've been with Footprints I feel like I'm not just 'existing' but 'actually living'.”
