

About Footprints

Footprints is a trusted not-for-profit organisation with a proud history of more than 35 years working alongside people and communities.

Our purpose is to enhance quality of life and well-being by supporting people who face barriers to independence, belonging and participation in their community.

Why choose Footprints?

We deliver personalised services to help people stay healthy, active and socially connected.

Under the Support at Home program, we provide a range of tailored and discreet services delivered by a highly trained and dedicated team.

We take a collaborative approach to care, building strong relationships between members of the care team, family and health professionals.

We build on a person's strengths and goals, ensuring they continue to lead a lifestyle of choice and independence.

Services we provide

Footprints offers a range of in-house services including but not limited to:

Clinical

- allied health
- care management
- nursing - registered and enrolled nursing
- restorative care management.

Everyday living

- domestic assistance
- meal preparation.

Independence

- medication prompting
- non-clinical continence management
- personal care
- social support - individual and group
- transport
- in-home respite.

If we are unable to provide in-house supports, our team will help connect you to our network of preferred service providers to ensure you can receive the care and supports you require.

In their words

"Thank you to Footprints for your continued, excellent case management of my mother. We hugely appreciate everything you do and your great communication with us."

-Participant's daughter

Regions we cover

We support participants in Brisbane North, Brisbane South, Caboolture and Logan regions.

Who is eligible?

To access Support at Home services, you first need to be assessed by a My Aged Care assessor. They will evaluate your care needs and assign a classification that determines your level of support.

Please contact **My Aged Care** on **1800 200 422** to apply for an assessment.

Once you have been allocated a Support at Home budget, feel free to call us to speak with one of our friendly team members who can help you make the most of your care plan.

What does it cost?

Footprints encourages you to contact Services Australia for a Means Assessment. This assessment will determine your financial contribution towards your Support at Home budget. Services Australia will then provide both you and your chosen provider with the details of your contribution.

We have competitively priced our fees. These are listed on our website and on our provider page on the My Aged Care website.

Ready to speak to us?

Call us today to speak to one of our Support at Home team members and discover the difference we can make. Call **1800 366 877.**
